SPENCER'S SPOTLIGHT:

RACE 7

#5 EMPIRE STRIKES tailed off at the beginning of last year, and the guess is he probably has some obvious issues given the layoff lines. That said, she's work well for this comeback for her new barn, and if she matured a bit while she was away, we might see something better today at a price. #4 GOLDEN DOMER should be tighter this time around after a useful comeback run, and she owns a couple of races that would make her pretty tough with this group. #2 SHAKTI moves into the high-powered barn of Tom Amoss, but in seasons past we have seen some of these logical SoCal types fail to run to their ability in the first local start, so I'll tread lightly at what might be a somewhat unappealing price given her realistic chances of winning this.
