**\$200,000 Guaranteed All Stakes Pick Four**

For those of you who may not have played it before, in order to win a Pick Four, you must have the winner of the four designated races on your ticket. You can play for as little as 50-cents (one horse in each race). The more horses you use, the higher the price of your ticket. For Saturday's "All Stakes" Pick Four, Fair Grounds is guaranteeing that there will be at least \$200,000 wagered into the pool. It begins in race 8 and ends with race 11 (Louisiana Derby).

Our racing analyst Joe Kristufek offers up Pick Four recommendations based on three horses he likes at different budget levels. Play one of his tickets, or simply use them as a guide.
