**FAIR GROUNDS**  
**RACE COURSE & SLOTS**  
A Churchill Downs Company

Dear Horsemen,

We are just a short time away from welcoming you back for Thoroughbred Racing this fall. We are excited to pick up where we left off last meet at Fair Grounds Race Course. We continue to make improvements to our facilities and look forward to welcoming our horse racing fans with a great experience.

Since late March, we have continued improvements to the backstretch including barns, dorms, walking wheels as well as extensive asphalt work. Some of this asphalt work was necessary to minimize the amount of sand and other debris that were entering our storm drains as a high level of scrutiny has been placed on us and you by local, state and Federal government to ensure compliance with water quality standards. With the number of horses that are stalled on our backside, we are designated as a Concentrated Animal Feedlot Operations (CAFO) and subject to federal regulations. These regulations require us to have a Nutrient Management Plan (NMP) for the handling of bedding and manure on our backside. If we all do not follow the NMP as whole, the Federal government can take severe actions against us. It will be extremely important that you ensure that your employees are adhering to our policies and procedures related to the NMP. We should expect frequent visits from government agencies to inspect our operation to see that all of us are following the NMP. Failure to comply will have ramifications to all parties that help put on the show for our horseracing fans. Please understand that our security team is simply trying to ensure that we are complying with standards which will be monitored by local, state and federal government agencies.

As you know, Fair Grounds is home to one of the nation's most competitive jockey colonies with some of the most talented horses in the industry which are trained by the most successful trainers in the sport. We truly appreciate all your efforts to maintain our tradition at the Fair Grounds. We look forward to seeing you and providing you with a first-class facility as our racing season begins.

With much respect,

Doug & Jason

## **Claiming Rules**

All claims must be sealed, time stamped and deposited in the claim box located in the Racing Office at least 15 minutes prior to post time or the time fixed for the race to begin and no later. The claiming price of each horse in a claiming race shall be the entered claiming price, plus tax.

A claimed horse shall not enter in starter, optional or claiming races for 20 days after being claimed in a race in which the determining eligibility price is less than 25 percent more than the price at which the horse was claimed. For a period of 10 days thereafter, a horse is eligible to run back for the same claiming price or higher. The day claimed shall not count, but the following calendar day shall be the first day and the horse shall be entitled to enter whenever necessary so that the horse may start on the thirty-first day following the claim for any claiming price. This provision shall not apply to the starter handicaps in which the weight to be carried is assigned by the handicapper. A similar rule in other states will be recognized and enforced.

However, the successful claimant may request on the claim blank at the time he makes his claim that the horse be tested for the presence of equine infectious anemia via a Coggins test. Should this test prove positive, it shall be cause for a horse to be returned to his previous owner and barred from racing in the State of Louisiana. The expense of the Coggins test and the maintenance of the horse during the period requested for the test shall be absorbed by the successful claimant. If such a test is requested, the horse will be sent to the retention barn of the Louisiana State Racing Commission where the State Veterinarian will draw a blood sample, which sample shall be sent to a laboratory approved by the Louisiana Livestock Sanitary Board for the conduct of such test.

If a horse is claimed, it shall not be sold or transferred to anyone wholly or in part, except in a selling or claiming race, for a period of 30 days from the date of claim, nor shall it, unless reclaimed, remain in the same stable or under the control of management of its former owner or trainer for a like period, nor shall it enter in any other state until after the close of entries of the meeting at which it was claimed, unless special permission is obtained from the commission. However, a horse claimed at a track in Louisiana must remain at the track where it was claimed for a period of 60 calendar days or until after the close of entries of the meeting at which it was claimed. Where a race meeting is authorized and conducted as a split-meeting, a horse claimed in such a race meeting must remain at the track where it was claimed for a period of 60 calendar days or until after the close of entries of that segment of the split meeting at which it was claimed. The following calendar day shall be the first day and the horse shall be entitled to enter at another track in the state whenever necessary so the horse may start on the sixty-first day following the claim. No trainer may claim more than two (2) horses in a race.

When a trainer is training for more than one owner, only two (2) claims from that stable will be allowed for any one race. Only one claim from owners having the same trainer for any one horse.

### **Claiming Rule for Claiming Crown Day Only**

Except as otherwise provided herein, a claimed horse shall not run for 20 days after being claimed in a race which the determining eligibility price is less than 25 percent more than the price at which the horse was claimed. For a period of 10 days thereafter, a horse is eligible to run back for the same claiming price or higher. The day claimed shall not count, but the following calendar day shall be the first day and the horse shall be entitled to enter whenever necessary so the horse may start on the thirty-first day following the claim for any claiming price. This provision shall not apply to allowance/optional claiming or starter allowance/optional claiming races in which the horse is entered for the allowance condition, starter handicaps in which the weight to be carried is assigned by the handicapper, starter stakes and starter allowance races. This provision shall apply to allowance/optional claiming and starter allowance/optional claiming races, if a horse is entered for claiming price. A similar rule in other states will be recognized and enforced.

## **Voided and Voidable Claims**

**A.** A claim shall be voided if a horse is a starter as determined by the regulatory authority, and the horse:

1. dies on the racetrack; or
2. suffers an injury which requires the euthanasia of the horse as determined by the official veterinarian while the horse is on the racetrack.

**B.** A claim is voidable at the discretion of the new owner for a period of one hour after the race is made official, for any horse:

1. that is vanned off the track at the direction of the official veterinarian; or
2. that is observed by the official veterinarian to be lame or unsound while on the racetrack for that race; or
3. that is observed by the official veterinarian to have bled through its nostrils while on the track.

**C.** The successful claimant may request on the claim blank at the time he makes his claim that the horse be tested for the presence of equine infectious anemia via a Coggins test and/or erythropoietin and/or darbepoietin.

1. Should the test for equine infectious anemia prove positive, it shall be cause for a horse to be returned to his previous owner and barred from racing in the state of Louisiana.

2. Should the test for recombinant erythropoietin and/or darbepoietin prove positive, it shall be cause for a horse to be returned to his previous owner and barred from racing in the state of Louisiana until such time as the horse tests negative.

3. Additionally, if such erythropoietin and/or darbepoietin positive result is found, the claimant, claimant's trainer or claimant's authorized agent shall have 48 hours in which to request the claim be declared invalid, such request to be made in writing to the stewards.

4. The expense of the tests and the maintenance of the horse during the period requested for the tests shall be absorbed by the successful claimant.

5. If such tests are requested the claimed horse will be sent to the retention barn of the Louisiana State Racing Commission where the state veterinarian will draw blood samples.

a. Blood samples drawn to test for equine infectious anemia shall be sent to a laboratory approved by the Louisiana Livestock Sanitary Board for the conduct of such test.

b. Blood samples drawn to detect by immunoassay recombinant erythropoietin and/or darbepoietin shall be sent to the Louisiana State Racing Commission's state chemist.

6. Notwithstanding any inconsistent provision of the Part, a horse shall not be subject to disqualification from the race and from any share of the purse in the race, and the trainer of the horse shall not be subject to application of trainer's responsibility based upon the finding by the laboratory that erythropoietin and/or darbepoietin was present in the sample taken from that horse.

## **Procedure to Void a Claim**

1. If the State Vet or the successful claimant observes the horse to be unsound, after the race & before the claimed horse, leaves the racetrack (inside the rails), the State Vet will contact the Stewards, and alert them to the issue.

2. At that point the Stewards will speak to the successful claimant, to gather whether that person wants to have the claim voided immediately or will they need to invoke the "up to 1 hour" time limit.

3. Once the above is determined, if the successful claimant needs time to decide, the horse will be sent to the Test Barn. If the decision is made to immediately Void the Claim, the previous connections will retain possession of the claimed horse, before the horse leaves the paddock.

4. If the successful claimant needs time to make the decision, once the decision is made, if that decision is to Void the Claim, the horse will be returned to the previous connections, and picked up at the Test Barn.

## **Waiver Claim Rule**

At time of entry an Owner, Trainer, or Authorized Agent may declare a horse ineligible to be claimed provided the horse has been laid off and has not started in a race for a minimum of one hundred and twenty days (120) and is entered for a claiming price equal or greater than the price at which the horse last started. The day following the horse's last race will count as day one (1).

Failure to declare the horse ineligible to be claimed at time of entry may not be remedied. A horse declared ineligible to be claimed cannot consider that race for eligibility in any starter type race or optional claiming.

## **Preference Dating System**

***Horses which do not have a current Coggins on file will not receive a Preference Date.***

1. Preference dates will not supersede conditions of a race.
2. All horses registered prior to 3:00 p.m. Monday, November 13, 2023 will receive a 'O', which is the lowest possible date. A horse keeps his 'O' until he runs or scratches.
3. All horses registering between 3:00 p.m. Monday, November 13, 2023 and Friday, November 17, 2023 will receive a preference date of E-1. Horses registering after November 17, 2023 will receive an E date corresponding to the race day that the papers are submitted to the Racing Office. Foal papers which arrive on a dark day will be assigned the next racing calendar date.
4. Preference dates are good for any type race or distance with the exception of stakes or stakes trials. Stakes or stakes trials are not considered in the preference date system.
5. A zero has first preference and an entry date takes preference over a running date of the same day. A running date takes preference over an S date of the same day.
6. Horses that run will receive a running date corresponding to the date they race and lose all dates previously held. This excludes stakes and stakes trials.
7. Horses which are scheduled to run in a turf race that is transferred to the Main Track after program publication will retain their date.
8. Any stewards, trainers or off the turf scratch will receive an S date for the day they scratch.
9. All horses placed on the Stewards, Veterinarian or Starter list will be posted on a bulletin board. They will not be permitted to enter until they have been approved to start.  
A horse which ran before going on a list will retain its R date. Horses which are Vet scratched will be given an R date the day the horse comes off the list.
10. Horses which have established a date at the current meeting will lose that preference date should their papers be withdrawn from the Racing Office to run elsewhere. Horses must re-enter to establish a preference date at the meeting. Should a horse's papers be withdrawn from the Racing Office for just cause (i.e. tattoo, corrections, change of ownership, clarification, etc.), the Racing Secretary may determine the status of the preference date established.
11. Horses excluded from a race being carded which had no preference date shall receive an 'E' date for the corresponding race day. Horses that establish an 'E' date shall retain such date until drawing into the body of a race in which therefore establishes an 'R' date. Horses which make the body of a race at another racetrack after establishing such 'E' date will forfeit any date they may have at Fair Grounds.
12. Maidens entering in winners races shall not receive a preference date. All races are winners preferred.
13. All owners, trainers and agents making entries are encouraged to sign entry blanks and check the preference date shown on them for accuracy. The Stewards will not acknowledge any claims not complying with this regulation.
14. In rules 3 and 10, if a horse is registered or comes off a list on a non-racing day, the next racing day will be used.
15. In all matters of discretion, the Stewards' ruling is final.

## TRPB DIGITAL TATTOOS – 2023 Update – Fair Grounds

In effect since January 2020, a Thoroughbred making its first lifetime start requires a TRPB Digital Tattoo.

Sign up for tattooing at Fair Grounds Horse ID Office, and list the horse's name, barn number, your name and cell phone number. A Digital Tattoo is required for any horse that is planning to make their first lifetime start at Fair Grounds.

All foals of 2017 thru 2022 have microchip numbers on The Jockey Club foal registration papers which the TRPB Technician will validate prior to confirming the markings and documenting through digital photos.

The TRPB Technician will scan the microchip to access the digital copy of the foal certificate, validate the information, verify the markings, color and gender, then take 10-14 photos of the horse to digitally document all equine attributes. Bandages, poultice, blankets must be off the horse and the horse must be named by the time the TRPB Technician is present to digitally tattoo each horse.

The Digital Tattoo fee is \$100 which **MUST** be paid prior to the TRPB Technician performing the work. Payment can be made by Credit Card, Apple Pay or Google Pay. You can make arrangements to pay by Venmo @tattooTRPB or bring a Fair Grounds Bookkeepers check made out to TRPB for the amount with you.

The TRPB Technicians can be reached at the info below:

All questions about Digital Tattoos can be directed to TRPB Horse ID at (410) 398-2261 Ext. 600 or [tattoo@trpb.com](mailto:tattoo@trpb.com)

## **Wash Stall Best Management Practice**

**Description:** Churchill Downs Louisiana Horseracing Company, L.L.C., d/b/a Fair Grounds Race Course & Slots (the Fair Grounds) is currently authorized by Louisiana Pollutant Discharge Elimination System (LPDES) permit, LA0115282, to discharge process wastewater to the Sewerage and Water Board of New Orleans (SWBNO) sanitary wastewater treatment system and storm water to the SWBNO Municipal Separate Storm Sewer System (MS4). This Best Management Practices (BMP) document describes the site-specific practices to be implemented at the Fair Grounds facility to minimize the potential for waters associated with horse washing and/or cooling activities to discharge to Waters of the State.

**Applicability:** This BMP applies to all horsemen conducting any horse washing and/or cooling activity at the Fair Grounds facility. All horse washing and/or cooling is to occur in provided wash stalls only, where the water is directed to the sanitary sewer system. No washing and/or cooling of horses is allowed outside of the designated wash stalls.

**Potential Pollutants:** Horse washing and/or cooling activities can generate a varying number and quantity of pollutants depending upon individual trainer preferences and activities of the horse being washed. The primary pollutant of concern is sand and sediment that accumulates on the horse as it trains on the dirt/sand track. In addition to sediment, soaps and detergents may be used directly to wash horses and may also be used to wash any associated dressings, blankets, wraps, bandages, pads, or other reusable cloth materials. Oxygen demanding, nutrient, and bacteriological pollution can also occur if the horse excretes waste during any washing and/or cooling activities in the wash stall.

**Implementation:** To prevent the discharge of horse wash water and/or cooling water and associated pollutants to Waters of the State, the Fair Grounds has provided 122 dedicated horse wash stalls at the facility. These designated wash stalls are tied into sediment catch basins which then overflow to the municipal sanitary sewer system to ensure any pollutants associated with washing and/or cooling activities are captured and treated prior to release back into the environment. The following management practices have been implemented at the Fair Grounds facility to prevent the discharge of pollutants associated with any washing and/or cooling activities:

- Bathing, washing, cooling or any other direct water contact with a horse must occur in the designated wash stalls. Any water contact with a horse outside of the designated wash stalls is prohibited.
- The washing of pavement and surfaces, with water outside of the wash stalls is prohibited. All surfaces outside of the wash stalls must be cleaned by dry means. Any collected materials must be disposed of in a manure dumpster.
- For horses requiring any type of water therapy, it must be conducted in a designated wash station.
- Veterinary procedures that require the use of water must be performed in designated wash station.
- Trainers' staff are responsible for the cleaning of wash stations. This includes monitoring of the drains that are located in the rear of each wash station.
- Sand, trash and debris should be physically removed as needed to help avoid drainage issues. No sand, trash, or debris is to be washed down the drains in the wash stations. Any sand, trash and debris removed must be placed in a manure dumpster.
- Water used in the cleaning of any horse associated dressings, blankets, wraps, bandages, pads, or other reusable cloth materials must be discarded in a designated wash station drain.
- Water used to rinse any buckets that may have contacted any manure, bedding, feed, or other horse-related materials must be discarded in a designated wash station drain.
- In addition to the above wash stall requirements the washing of outdoor pavement and surfaces, outdoor rubber mats, tarps, horse vans, horse trailers, vehicles or other equipment if not allowed.

**Limitations:** The BMPs outlined above are designed and implemented to effectively reduce discharges of regulated water to Waters of the State. Their effectiveness highly depends on personnel training and level of commitment of horsemen to following procedures. Fair Grounds does have an effective enforcement program in place to monitor and issue citations to those horsemen that do not comply with the outlined BMPs.
